

Biogaskontor Köberle GmbH

Air dosing unit

Air dosing unit for biogas desulfurization: Size 40 (40 l/min), for ca. 1100 m³ biogas/day;
Incl. flow indicator 40l/min, compressor LA 45B and throttle valve,
2 air connections with ball valve and couplers to 20 mm PE-HD-pipe
1 connection with ball valve for condenswater outlet and for clean-flushing
Art. Nr.: 80340000

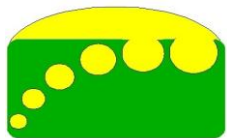

Air dosing unit for biogas desulfurization: Size 120 (120 l/min), for ca. 3000 m³ biogas/day;
Incl. 3 flow indicator each 40l/min, compressor LA 120B and throttle valve,
3 air connections with ball valve and couplers to 20 mm PE-HD-pipe
3 connections with ball valve for condensation water outlet and for clean-flushing
Art. Nr.: 80312000

Airpipe: 304 stainless steel pipe
12x1x500mm, check valve made of stainless steel, coupler to supply a 20 mm PE-HD-pipe
Art. Nr.: 80310000

Biogaskontor Köberle GmbH

gas tight glue 310 ml / Sabesto
Art. Nr.: 50000011

Sikaflex TS Plus, sealing compound 600ml bag
Art. Nr.: 50000014
